

PROFESSIONAL QUALIFICATIONS AND EXPERIENCE

This information is provided to offer clarity and reassurance regarding the professional qualifications, experience, and expertise of practitioners delivering services through Bright Family Pathways Ltd. All work is undertaken in line with statutory guidance, professional standards, and ethical frameworks.

Our Professional Expertise

Bright Family Pathways Ltd provides independent, evidence-based social work services delivered by qualified and registered social work practitioners with extensive experience in child and family practice. All work is informed by current legislation, statutory guidance, and a strong understanding of the complexities involved in children and family services.

Our practitioners bring a depth of professional knowledge and apply careful judgement, ensuring that assessments, direct work, and supervised contact services are carried out with integrity, independence, and analytical rigour.

Our Commitment to Professional Standards

We are committed to maintaining high standards of professional practice through:

- Registration with Social Work England
- Adherence to the ethical frameworks of the British Association of Social Workers (BASW)
- Ongoing professional development
- Reflective supervision and learning

Our practice is also supported by accreditation with the British Psychological Society, enabling a psychologically informed and evidence-based approach to working with children and families.

Qualifications and Accreditation

Our practitioners hold recognised qualifications across social work, psychology, and related disciplines, including:

- BA (Hons) Social Work
- MA Social Work
- BSc Criminology and Psychology
- MSc Psychology
- Systemic Psychotherapy Foundation Training
- Qualified Practice Educator Status
- British Psychological Society Accreditation

These qualifications support a strong analytical foundation and an integrated understanding of family dynamics, child development, risk, and protective factors.

Professional Training and Practice Models

Our work is informed by recognised frameworks, training, and models of practice, including:

- Safe and Together™ Model
- Signs of Safety
- Motivational Interviewing
- Family Group Conference approaches
- Advanced safeguarding training for children and adults
- Domestic abuse, CAPVA, and trauma-informed practice
- Autism and SEND awareness and assessment training
- Mental Capacity and decision-making frameworks

This ensures practice remains consistent, proportionate, and aligned with best practice.

Areas of Practice and Expertise

Bright Family Pathways Ltd brings experience across a wide range of child and family services, including:

- Section 7 and Section 37 Reports
- Parenting and Parenting Capacity Assessments
- Pre-Birth Assessments
- Risk Assessments
- Child-Focused Direct Work
- High-vigilance Supervised Contact
- Mental Capacity Assessments
- Work involving complex safeguarding factors, including domestic abuse, mental health, and substance misuse
- Public Law Outline processes, strategy meetings, and legal planning
- Family Group Conferences and child arrangement support

What This Means for Children and Families

Our qualifications and professional experience support:

- Clear, well-reasoned, and balanced assessments
- Child-focused analysis that reflects lived experience
- Proportionate decision-making
- Independent and objective reporting
- Safe, structured, and professionally bounded engagement

We recognise the responsibility involved in contributing to decisions that affect children's lives and approach all work with care, sensitivity, and accountability.

Independence and Professional Responsibility

Bright Family Pathways Ltd operates as an **independent social work service**. We do not act in an advocacy role for any party. Our work is objective, evidence-based, and focused on supporting understanding and informed outcomes, with the welfare of the child as the central consideration.
